

# APPLICATION FOR SEWER TARIFF CHANGE

Owner name: \_\_\_\_\_

Erf # : \_\_\_\_\_

Suburb: \_\_\_\_\_

Request Date: \_\_\_\_\_

Option:

1	2
---	---

KANTOOR VAN DIE DIREKTEUR: FINANSIES  
OFFICE OF THE DIRECTOR: FINANCE

**Only between 01 July & 30 September**

Please circle option requested

## OPTION 1:

Basic charge for a single residential developed site with a septic tank (french drain) + Infrastructure charge per erf/unit per month.

Tank pump service requests will be charged at the approved tariff.

**All tanker services requested after 15h00, will be charged at the after-hours rate or will stand over until the next working day.**

## OPTION 2:

Basic charge for a single residential developed site + Infrastructure charge per erf/unit per month + per kilolitre for 70% of the water consumption, up to 50kl.

**Example:** If the water consumption was 20kl for the month, the sewerage consumption portion will be calculated as follows;

$$20\text{kl} \times 70\% = 14\text{kl} @ \text{ approved tariff for sewerage consumption}$$

**Example:** If the water consumption was 80kl for the month, the sewerage consumption portion will be calculated as follows;

$$50\text{kl} \times 70\% = 35\text{kl} @ \text{ approved tariff for sewerage consumption}$$

**All tanker services requested after 15h00, will be charged at the after-hours rate or will stand over until the next working day.**
