

VACCINATION PROGRAMME

Overberg District vaccination sites (05 – 09 July)

The Western Cape is bringing online more vaccination sites on a weekly basis. This is linked to the supply of vaccines, with deliveries expected on a weekly basis.

The following sites are coming online in your district over the next week. This is not the final list of sites. We will reshare these graphics as activation dates are confirmed, and as more sites get added.

NOTE: These sites may not be operational every day as it is dependent on vaccine availability. Roving teams will visit satellite clinics. Members of the public to check with local health contact to confirm days of operation.

We kindly ask that you wait for your second SMS before going to a site so that we can prevent long queues and ensure a Covid-19 safe process.

If you do decide to go to a vaccination site without an appointment, we cannot guarantee that you will get a vaccine as those with appointments will be prioritised.

We thank you for your patience and support as we roll-out the biggest vaccination programme in our history.
