1. Executive Summary

The Local Government: Municipal Finance Management Act, No. 56 of 2003 (MFMA), requires the municipality to have and implement a Supply Chain Management (SCM) Policy which gives effect to the provisions of Part 1 of Chapter 11 of the Act that deals with 'Supply Chain Management'.

For the purposes of such oversight, Council's Supply Chain Management Policy, Paragraph 6(2)(a) requires that the Accounting Officer must "within 30 days of the end of each financial year, submit a report on the implementation of the policy to the Council of the municipality."

The SCM Unit has, with the support by the Accounting Officer and the Chief Financial Officer, implemented SCM via a Demand Management Plan (DMP) as a strategic tool in order to implement the budget. The DMP assists the SCM Unit with the planning of tender processes and

user departments with the planning of the execution and timely completion of projects in alignment with performance targets in the Service Delivery and Budget Implementation Plan.

The Demand Management Plan (Procurement Plan) for the 2024/2025 financial year was approved by the Accounting Officer on 27 June 2024 and was actively promoted and driven to enhance the demand management process in procuring goods and services by means of monthly reporting to budget holders and management involved.
