PART 1 – IN-YEAR REPORT

Executive Summary

COVID-19

The National State of Disaster relating to COVID was terminated as from 5 April 2022. The overall impact of COVID-19, relating to the municipality's finances, is still being closely monitored.

The current prolonged load-shedding is having a notable negative impact on electricity revenue, which is largely being mitigated by reduced bulk electricity purchases. This will however still impact on the budgeted electricity services bottomline and thus the overall bottomline (surplus/deficit) for the municipality, as electricity sales for the current financial year to date, and especially over the peak holiday season did not meet expected electricity sales.

The Year-to-Date actual revenue is 0.03% below the YTD budget projections at the end of May 2023.

This table reflects the operating budget (Financial Performance) in the standard classifications which are Functions and Sub-functions. These are used by National Treasury to assist in the compilation of national and international accounts for comparison purposes, regardless of the unique organisational structures used by the different institutions.

The main functional areas are Governance and administration; Community and public safety; Economic and environmental services; and Trading services.

It is for this reason that Financial Performance is reported in functional classification, Table C2, and by municipal vote, Table C3.

The operating expenditure budget is approved by Council on the municipal vote level. The municipal votes reflect the organisational structure of the municipality which comprises the following directorates: Council; Municipal Manager; Management Services; Finance; Community Services; Economic and Social Development & Tourism; Infrastructure & Planning and Protection Services.

Unauthorised expenditure at year-end would occur for the municipality as a whole if the adjusted budget for 'Total Expenditure by Vote' or if any of the individual budgets, for any specific vote/s were overspent. During the financial year some of the figures are influenced by transactions that occur annually only.
