"But to stand an' be still to the Birken'ead drill
is a damn tough bullet to chew,

An' they done it, the Jollies --

'Er Majesty's Jollies -- soldier an' sailor too!

Their work was done when it 'adn't begun;

they was younger nor me an' you;

Their choice it was plain between drownin' in

'eaps an' bein' mopped by the screw,

So they stood an' was still to the Birken'ead drill,
soldier an' sailor too!"
