EDITOR'S NOTE

THE CHALLENGE OF BEING EXCELLENT!

In a few days' time we will be entering a new year. Hopefully we will be revitalised after spending Christmas and the summer holidays with family and friends. Hopefully we will be able to take beautiful memories that were created during this festive season forward with us.

Hopefully somewhere along the line we were reminded of the true meaning of Christmas. We celebrate Christmas to remember the day of Jesus Christ's birth, and we are thankful that we were given the precious gift of the Son of God.

We are reaching the end of the year, which is an excellent time to examine your working life. It is amazing how much you can learn when you look back at your journey during this time.

Mark the positive turns you took, notice the negative detours that held you back from reaching your goals, the stop signs you had to contend with and the bridges that you have crossed. Now is the time to hold your own personal review and stop focusing on other people and what they do so that you can recognise which areas of your life need to be changed.

As werkneemers van die Overstrand Munisipaliteit in die Nuwejaar, is die belangrikste saak waaraan ons moet aandag sken, om ons werkslewe onder die vergrootglas te plaas en die gebiede waarin ons nie goed gedoen het nie, te ondersoek. Indien ons die Sentrum van Uitnemendheid wil bly, moet ons ophou om spertye te jaag en vroegtydig begin beplan en organiseer sodat ons bo kan bly om uitstekende resultate te behaal.

Soms onderskat ons die tyd wat ons benodig om projekte te voltooi, en dit veroorsaak probleme. Ons moet daarvan wegskram om alles tegelykertyd te wil doen en liefs 'n projek puntsgewys aanpak. Indien enigsins moontlik, probeer om werk 'n paar dae voor die sperdatum te voltooi. Neem kennis dat om gehalte werk te lever en by jou spertyd te hou baie daartoe bydra om jou reputasie in die werkplek te bevorder.

Terwyl jy in hierdie dae met jou familie gaan feesvier en voorbereidings tref vir die feestyd, dink vir 'n oomblik na aan die 2011 plaslike verkiezing wat voorlê. 'n Moeilike tydvlak lê vir ons politici voor, maar dat gaan ook vir ons 'n swaar periode wees. Alle oë gaan op ons wees om te presteer. Laat ons politiek aan die politici oorlaat. Fokus op jou werk en doen jou bes.

Tot volgende keer.

PLAN FOR FIRE SERVICES

A plan for improving the management of the Overstrand Fire Services over the next four years and to identify possible risks was tabled in Council during the November meeting.

Municipal Manager Werner Zybrands described the plan as groundbreaking and said it is providing a broad perspective of what an ideal fire service should look like. He warned, however against creating expectations.

According to him the main constraint will be inadequate funding because the fire service has to compete with other municipal functions for funding. The role of the District Municipality must be kept in mind and multi-skilling of the staff in the Protection Services Directorate should also be considered.

According to the plan the Overstrand Municipal Fire Services currently fall on the second lowest level, namely category four. To improve on this classification the existing staffing system should be expanded to provide a 24 hour shift at fire station level, additional vehicles and equipment should be bought and an effective vehicle replacement

Mayor's road show welcoming visitors for the festive season

policy implemented, water supply should be improved and fire hydrants effectively maintained.

Council took cognisance of the requirements in terms of the prescribed

code for community protection against fire, the proposed Capital and Operational projections and the changes to the organogram in terms of the acquisition of staff.

GOD SAVED MY LIFE

In a shocking state, Thandeka Kala a reservist in Protection services (fire department) explains how she managed to get out of a burning taxi and rescue two children aged 3 months and 15 years in an accident from Gansbaai to King Williams' Town on Saturday, 4th of December 2010.

The accident happened in Grahamstown next to the monument in the early hours of the 4th of December 2010. "I was traveling with the taxi to the Eastern Cape on the 3rd of December 2010 to arrive the next day visiting my family for the weekend.

Little did I know what was going to happen on the road. "God saved my life" In the early ours of Saturday, 4 December, around 5 am? I was sleeping. Due to a funny movement I felt in the taxi while asleep I woke up and saw the taxi swerving side ways.

When I woke up the taxi was traveling on the gravel off the tar. People started screaming because the taxi was out of

Thandeka Kala

control and not stable on the road. The taxi driver lost control and the taxi rolled off the road. It landed in the bush, rolled about two times and finally landed on the passenger's sliding door.

When I tried to open the door to get out it was locked. I tried to force the door open but there were flames. I then managed to

get out of the back windscreen. A fifteen year old passenger gripped my boot as I was trying to get out then I helped her out. When I was out I saw a 3 month old child lying next to the burning taxi and the flames were starting to get worse. I grabbed her and ran away from the flames. People started to follow, trying to get out whilst the flames were getting worse and worse. Unfortunately some did not manage and they burned to death.

After sometime fire brigade arrived, police, traffic, 911 to rescue those that survived and they were rushed to the nearest hospital. This was the most horrible accident I have ever seen, I still smell the flames and I can't stand the smell of meat.

My advice is that please if you are going to travel long distance make sure to sleep enough and to avoid accidents like this. The taxi was not in a rush it was driving a normal speed I think the driver might have been tired.

STRATEGIC PLANNING IN PRINGLE BAY

The Executive Mayor and her committee members joined management for a strategic session in Pringle Bay on 25 and 26 November.

The aims were, inter alia:

- To improve team spirit between management and the political authority;
- To obtain consensus on several strategic matters;

- To take directive decisions;
- To identify risks and key issues and how to address these;
- To do introspection about management styles in order to follow a joint approach.

The workshop was led by Dr Mario Denton and Mr Tommy O'Kennedy (two recognised management consultants) and

was extremely successful.

As a result of the very positive outcome, the process will be extended to other members of senior and middle management to also improve their management skills.

OPVOLGINGSBELEID AANGENEEM

'n Beleid vir Personeel-opvolgbeplanning is einde November deur die Raad vir die Munisipaliteit Overstrand goedgekeur.

Die doel van die beleid is om 'n opvolgingsplan te ontwikkel en die nodige opleiding en vaardighetsontwikkeling aan geïdentifiseerde personeellede te voorsien sodat hulle in staat kan wees om sleutelposities te beklee wanneer dié vakant raak.

'n Komitee bestaande uit die Munisipale Bestuurder, die Direkteur van Bestuursdienste, die Bestuurder van Menslike Hulpbronne, betrokke direkteurs en bestuurders, asook verteenwoordigers van vakbondes, sal daarvoor verantwoordelik wees om die plan te ontwikkel, deelnemers aan die program te evalueren en vordering aan die Burgeesterter rapporteer.

NORMAL RETIREMENT AGE IS 65

There seems to be uncertainty regarding the retirement age at Overstrand Municipality, which is 65 for the record.

This uncertainty stems from a number of decisions regarding retirement since the establishment of Overstrand Municipality.

Before the de-establishment of the former municipalities of Greater Hermanus, Gansbaai, Stanford and Hangklip-Kleinmond, municipal employees retired at the age of 65 and Council's contribution to the pension or retirement fund continued up till an employee reached the age of 65.

From amalgamation in 2000 to 31 March 2005 it was specified in the appointment contracts or letters that the employee's retirement age would be determined by the rules of the pension or provident fund that the employee choose to join.

From 1 April 2005 to 31 December 2006 the contract of new employees stipulated that they will retire when they reach the age of 60 years, but that there will be an option - in the sole discretion of the employer - to renew the contract up to a maximum age of 65.

As a result of amended rules of the

retirement funds, it was determined in January 2007 that the retirement age on the contracts of all new appointees will be indicated as 60, without any option of extension.

In 2008 the rules were relaxed again when it was decided by the funds that the retirement age may be between 60 and 70, depending on the contract of employment or conditions of service.

In view of this the Overstrand Municipality resolved in June 2009 that the normal retirement age for all permanent employees will be 65.

CLLR ALLAN BERRY RESIGNS SEAT

Only eighteen months in Council, but that was enough for Allan Berry to make a huge impression on his fellow-councillors. The news of his resignation to emigrate to the United Kingdom dominated proceedings at the November meeting.

Speaker Anton Coetsee started off by informing the Council that it had not been an easy decision for Cllr Berry, as he was very concerned about his ward, but a once in a lifetime opportunity beckoned overseas. According to the Speaker Cllr Berry with his legal background made a much appreciated contribution to the workings of Council's appeal committee.

Mayor Nicolle Botha-Guthrie thanked him for his work and wished him all of the best for the future. In their tributes Cllr Makhaya Ponoane (ANC) said working with Cllr Berry was the best thing ever while Cllr Andrew Komani (NPP) said it was wonderful for him to experience such great legal knowledge in action.

Cllr Berry said his councillorship was an enriching experience. He is not severing his ties with the Overstrand Municipality as he will retain his friendships in Council and within the community of Stanford. The world is not nearly as large as it used to be, he said, especially as instantaneous communication means easy availability these days.

The 55 year old Berry won Ward 3, which covers Stanford and Voëlkloof, for the Democratic Alliance in a by-election held on 24 June 2009. Although an attorney with vast experience in civil and criminal litigation in magistrate's and high courts, his interests include environmental conservation, South African history and culture, angling, bee-keeping, woodwork, model-building and gardening. Berry grew up in KwaZulu-Natal, where he matriculated at the Westville Boys High School and graduated with a BA LLB from the University of Natal. He is married to Janine.

In view of the coming municipal elections in a few months' time, the seat will remain vacant. Cllr Coetsee will take care of Ward 3 until the municipal elections and will also chair ward committee meetings.

PUIK DIENS MAAK ANENE 'N WENNER

Goeie werk gaan nie ongemerk verby nie. Ons kollega Anene Albertyn, kliëntedienstbeampte op Gansbaai, kon haar ore nie glo nie toe sy oorlangs deur die plaaslike sakekamer as die September wenner van dié organisasie se Kompetisie vir Voortrefflike Diens aangevys is.

Sy staan nou 'n kans om 'n kontantprys van R2 500 te wen en kan ook 'n verdienstelike organisasie aanwys wat 'n verdere R2 500 sal kry. Die sakekamer bied die kompetisie saam met die Kaapse Verbruikersorganisasie en die Gansbaai Courant aan. Die algemene wenner van die kompetisie sal tydens die sakekamer se algemene jaarvergadering in April 2011 aangekondig word.

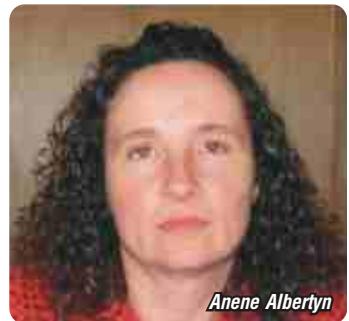

Enige werknemer by 'n onderneming of instansie in Gansbaai kan vir die kompetisie genomineer word. Die doel van die kompetisie is om voortrefflike

dienslewering te bevorder.

Die persoon wat Anene genomineer het, het haar beskryf as iemand wat geen steen onaangeroer sal laat om 'n ontevrede kliënt tevreden te stel nie. In dié nomineerdeur se geval het Anene binne vyf uur 'n groot probleem opgelos en vir hom terugvoering gegee.

Hoewel sy op Oudtshoorn gebore is, het sy van babadoekstadion op Gansbaai grootgeword. Na skool het sy in Kaapstad gewerk, maar die hunkering na Gansbaai het te groot geword en sy het vier jaar gelede teruggekeer. Die afgelope drie jaar werk sy by die Municipaaliteit, eers as biblioteekassistent, maar nou reeds twee jaar lank agter die kliëntedienstoombank.

"Ek geniet die werk wat ek doen en beskou dit as 'n uitdaging om kliënte tevreden te stel. Mense sal verstom staan oor die verskeidenheid klagtes wat ek

Anene Albertyn

ontvang – baie daarvan is glad nie eens munisipale sake nie!" vertel Anene. Sy voeg egter by dat om goeie diens onder alle omstandighede te lewe vir haar baie belangrik.

Ons is geweldig trots op Anene en hou saam met haar duim vas vir daardie tussen-in bonus.

Closing The Year

**BEDRYF VAN STORTINGSTERREIN
WORD UITGEKONTRAKTEER**

Goedkeuring is einde November deur die Raad verleen vir die sluiting van 'n langtermynkontrak met 'n privaat-kontrakteur vir die bedryf van die Gansbaai-stortingsterrein en aflaafasilitete op Stanford, Pearly Beach en Baardskeerdersbos.

Al die vereiste prosesse wat die kontrak moet voorafgaan, is afgehandel en daaruit het dit geblyk dat die uitkontraktering van die diens nie net vir die Munisipaliteit 'n kostvoordeel sal inhoud nie, maar ook dat geen Munisipale poste in die gedrang sal kom nie.

Die belangrikste vereistes vir 'n publiek-privaat vennootskap is dat dit bekostigbaar moet wees, vir die Munisipaliteit waarde vir geld moet bied en voldoende risiko na die kontrakteur oorplaas. Ten einde maksimale finansiële voordeel uit die kontrak te verkry, sal die duur van die kontrak agt jaar wees.

Volgens die kontrakooreenkoms, wat ter insae vir die Raad aan die verslag geheg was, is die kontrakteur Enviroserv Waste Management en sal die kontrak R25,3 miljoen oor die agt jaar periode beloop.
