## OVERVIEW

The COVID 19 Contingency Plan will be read in conjunction with the Overstrand Disaster Management Plan.

The WHO (World Health Organization) declared Public Health Emergency of International Concern on 30 January 2020, this following a pneumonia of unknown cause detected in Wuhan, China on 31 December 2019.

The Corona virus, later renamed COVID 19, is a respiratory illness similar to flu (cough, fever, fatigue & aching body / muscles). More commonly than flu, it can become severe cause viral pneumonia (difficulty breathing). The virus is spread through touching an infected surface or object and can enter via the nose, mouth and eyes.

The first case of the Corona virus was reported on 9 March 2020 in the Kwa-Zulu Natal region, and the numbers have increased dramatically, tipping the 1000 mark on 27 March 2020.

The President of South Africa therefore declared a nation-wide lock down in South Africa on Monday 23 March 2020. *The nation-wide lock down will be enacted in terms of the Disaster Management Act and will entail the following:*

- *From midnight on Thursday 26 March until midnight on Thursday 16 April, all South Africans will have to stay at home*
- *The categories of people who will be exempted from this lockdown are the following: health workers in the public and private sectors, emergency personnel, those in security services – such as the police, traffic officers, military medical personnel, soldiers – and other persons necessary for our response to the pandemic.*

On 23 April 2020, the President of South Africa introduced five levels to avoid a rushed re-opening of the economy:

*Level 5 means that drastic measures are required to contain the spread of the virus to save lives*

*Level 4 means that some activity can be allowed to resume subject to extreme precautions required to limit community transmission and outbreaks*

*Level 3 involves the easing of some restrictions, including on work and social activities, to address a high risk of transmission*

*Level 2 involves the further easing of restrictions, but the maintenance of physical distancing and restrictions on some leisure and social activities to prevent a resurgence of the virus.*

*Level 1 means that most normal activity can resume, with precautions and health*

*guidelines followed at all times.*

*To ensure that our response to the pandemic can be as precise and targeted as possible, there will be a national level and separate levels for each province, district and metro in the country.*

## PURPOSE

The objective of the plan is as follows:

- To regulate the Disaster Response to the benefit of all communities and visitors
- To respond effectively to the requirements of the individuals towards the protection of life and property
- To establish those most vulnerable and at risk
- To provide temporary shelter accommodation, clothing and feeding arrangements for persons evacuated or temporarily made homeless
- To restore normality to the affected community within a reasonable timescale, dependent on the seriousness of the incident
- Coordinate response activities to the COVID-19 pandemic

## UPDATES

Teleconference calls will be held daily with the Overberg District Municipality as the head coordinator with the District, and other essential Role Players. Important information and concerns are raised during this platform.

## RESPONSE AND RELIEF ACTIVITIES

Overstrand Disaster Management will provide a coordinating role and coordinate the following action steps should the need arise:

- Activate the JOC (Joint Operations Centre)
- Establish the needs
- Monitor safety
- Ensure communication (via a Liaison Officer)
- Establish safe location (pro-active identification)
- Activate relevant role players
- Plan for feeding
- Admin System (Record keeping)
- Security (Mobilization of Law Enforcement)
- Storage facilities
- Request SAPS support
- Implement access control – support at site
- Activate responsible services

Disaster officials coordinating the activities must take note of the following:

- Ensure that the information recorded are correct and credible
- Ensure that health standards are adhered to
- Ensure there are adequate ablution facilities
- Identify social problems
- Avoid over-crowding
- Observe special population (religious) groups
- Control public donation

Due to the nation-wide lock down, no persons are permitted to leave their residence, unless *for the purpose of performing an essential service, obtaining an essential good or service, collecting a social grant, or seeking emergency, life-saving, or chronic medical attention.* (This arrangement is dependent on the lockdown level.)

Disaster Management realize that not all persons are mobile, and special attention must be given to the elderly or disable persons. Operational Staff (Fire & Rescue, Law Enforcement & Traffic) will assist with the collection and distribution of essential goods. Disaster Management will coordinate the delivery of food and other essential items in conjunction with the area manager and councilors.

Hermanus Area Manager, Anver Wyngaard and respective Councilors, with Assistant Chief Disaster Management, will coordinate the distribution of food for Hermanus area.

Gansbaai Area Manager, Francois Myburgh and Cllr Riana de Coning, with Assistant Chief Disaster Management, will coordinate the distribution of food for Gansbaai area. Assistance will be obtained from Gansbaai Neighbourhood Watches should further assistance be required

Kleinmond Area Manager, Desmond Lakey and Cllr Grant Cohen, with Assistant Chief Disaster Management, will coordinate the distribution of food for Kleinmond area.

Disaster Management will coordinate with the various NGO's for the distribution of food in the Greater Hermanus area.
