1. I, the undersigned, hereby apply for a water connection from the municipal supply to the abovementioned erf in terms of the Municipal Regulations and Conditions;
2. I understand that the application is subject to the following conditions:
 - a. The corner beacons on the erf must be clearly indicated by the owner;
 - b. Physical circumstances normally cause a 30 workday waiting period before the water connection can be completed;
 - c. The Municipality will be compensated for any fruitless expenditure which may occur due to incorrect information supplied by myself or on my behalf;
 - d. Refuse removal service to the abovementioned erf will be provided by the Municipality at the applicable tariff as from the date on which the water connection is completed;
 - e. The Municipality will, on request, test the measurement device on payment of a test fee. Such fee shall be refundable should the test show any inaccuracies according to SABS, fast or slow;
 - f. Meters will only be installed outside, on the erf boundary and not inside the erf, to allow the meter reader access to read the meter.
